MAHESH SHARMA

Junior Software Developer

+91-8003200269 | maheshsharma14051@gmail.com | <u>LinkedIn</u> | <u>GitHub</u> | Kothrud, Pune, India

PROFESSIONAL SUMMERY

Front-End Developer skilled in building responsive, cross-platform web applications using React.js, and JavaScript. Experienced with HTML5, CSS3 and Git version control. Proven ability to collaborate in Agile teams, contribute to enterprise-level solutions, and ensure exceptional user experiences through clean UI and performance optimization.

EXPERIENCE

> CENTRAL CHINMAYA MISSION TRUST

- Junior Web Developer
- May 2024 Present
- Contributed to the design and development of the official website for Central Chinmaya Mission.
- Worked with designers and QA to test and refine features based on stakeholder feedback.
- Developed foundational expertise in web development, working with both front-end and back-end technologies like React.js and Spring Boot.
- Collaborated with senior developers to implement features that improved user engagement and performance.
- Supported troubleshooting and resolved issues to enhance website performance and user experience.
- Participated in code reviews and applied feedback to enhance code quality and maintainability.
- Gained hands-on experience with version control systems like Git, contributing to smoother team collaboration and project tracking.

TECHNICAL SKILL

Programming Languages: JavaScript, Java

Frontend: React.js, HTML5, CSS3

• Databases: Oracle SQL, MySQL, MongoDB

• Version Control: Git, GitHub

• Other Tools: Postman, Jira, Eclipse, IntelliJ

PROJECTS

Chinmaya Mission Gurukul Web App

- Developed and optimized a web application using Next.js, React, and MongoDB.
- Integrated functionalities like event management, e-library, timetable, and reminders to enhance user experience.
- Implemented role-based access control for teachers, senate students, and students, ensuring secure access to features like dashboards and chat boxes.
- Optimized database queries and backend APIs for improved system performance.
- Used Git and Jira for project tracking and collaboration.
- Technical Stack: React.js, Next.js, Node.js, Express.js, MongoDB

> Library Management System

- Designed and developed an application for managing library book records with a user-friendly interface.
- Developed in Spring Boot and React with integrated MySQL backend.
- Implemented CRUD operations to add, update, delete, and retrieve book data efficiently.
- Developed a reporting module for generating insights into book availability and usage.
- Technical Stack: React.js, Java with Spring Boot, MySQL.

EDUCATION

- BACHELOR OF COMPUTER APPLICATION | B.C.A. | September | 2019- 2022 | Jai Narain Vyas University, Jodhpur, Rajasthan
- HSC | May 2018 August 2019 | Apex Public School, Jodhpur, Rajasthan
- SSC | May 2016 August 2017 | Prerana Public School, Jodhpur, Rajasthan

CERTIFICATION

- Full Stack Java Development Course by Qspider's, Pune, Maharashtra
- RSCIT (Rajasthan State Certificate Course in Information Technology)
- Advanced React.js and Next.js Course from Udemy
